A Walk Down Memory Lane

One of the most appreciated parts of the entire Project Graduation event is the picture section known as "Memory Lane." Here graduates see photos of themselves and friends in a variety of situations.

Senior parents can help make this a success by providing us with the following:

1). A **photo poster** of your graduate
2). **Pictures** (copies) of both an early age and a current photo of your child
3). **Group shots** of your child with friends

These items will be displayed on the theme wall at Project Graduation!

Photo posters are approximately 22"x28" posters containing multiple pictures of your child. This can be done any way you want i.e.: collage form, yearly photos, etc. Laminating them is a great way of preserving them. This can be done at a number of places (Curry Printing, Staples, etc). Please make sure their name is on the front of the poster. Do not use foam board. *Your child will take this home at the end of the night.*

These will be due the 2nd week of May

Baby or Child AND Senior Picture should be vertical 5x7 **COPIES** of your child as a baby or young child **AND** a current photo. The committee will mount them in a "guess who" format. Please write your child's name on the back of each photo. These will **NOT** be returned.

These will be due the last week of April

Group shots should be 8x10, 5x7, or 4x6 **COPIES** of group shots (class, sports teams, activities, prom, casual events, vacations, school trips, Going Buggy, Moving On etc.). Color copies can be done at Curry Printing or Staples. These will **NOT** be returned.

These will be due the last week of April

DROP OFF INSTRUCTIONS and Dates will be sent out to Families

Graduates love to see themselves at the party! Help us achieve 100% participation on Memory Lane!! While this is not a secret you might want to hide it from your child and make it a surprise graduation night! Thank you!!
